

## UNIT 13

### 1. Grammarly

**Description:** Grammarly is a powerful grammar checker and writing tool that provides instant feedback on grammar, punctuation, sentence structure, and word choice. While commonly used for editing, it's a valuable tool for TESOL teachers to help students practice writing and identify common grammar mistakes.

### 2. NoRedInk

**Description:** NoRedInk is an interactive platform designed to make grammar practice fun and personalized. Students are guided through grammar exercises based on their interests, such as favorite movies or sports, which makes learning relatable. The platform also includes diagnostics to track student progress.

### 3. Quill

**Description:** Quill offers free grammar, writing, and proofreading exercises designed for English learners. The platform provides lessons in sentence combining, grammar drills, and interactive activities. TESOL teachers can track student progress and access lesson plans tailored to different grammar levels.

### 4. Kahoot!

**Description:** Kahoot! is a quiz platform that turns learning into a game, making it ideal for reinforcing grammar concepts. Teachers can create custom quizzes on topics like verb tenses, prepositions, or sentence structure, or choose from existing grammar quizzes on the platform.

### 5. Quizlet

**Description:** Quizlet is a versatile flashcard tool that helps students memorize grammar rules and vocabulary through various study modes, including matching games, flashcards, and tests. Teachers can create sets focused on grammar terms or concepts like irregular verbs, modal auxiliaries, or phrasal verbs.

### 6. English Grammar in Use Online (Cambridge)

**Description:** Based on the popular grammar book by Raymond Murphy, "English Grammar in Use" offers interactive grammar exercises covering everything from basic sentence structure to complex tenses and clauses. It's a self-study tool but is excellent for teachers to incorporate into grammar lessons.

## **7. Grammar Monster**

**Description:** Grammar Monster is a comprehensive website with lessons, quizzes, and videos explaining a variety of grammar topics in an accessible way. It's ideal for TESOL teachers looking to find explanations and exercises to complement their lessons.

## **8. Purdue Online Writing Lab (OWL)**

**Description:** Purdue OWL is a widely respected online resource for grammar and writing. It includes detailed explanations of grammar rules, examples, and writing tips. While it's designed for all levels, it's especially helpful for intermediate and advanced learners.

## **9. SentenceBuilder App**

**Description:** SentenceBuilder is a mobile app designed to help students improve sentence structure and grammar through interactive sentence-building exercises. It's especially helpful for beginner and intermediate students as they learn to create coherent sentences in English.

## **10. British Council Grammar Activities**

**Description:** The British Council website provides free grammar activities, lessons, and quizzes that cover key grammar points for all proficiency levels. The activities are designed for language learners and include explanations and practice exercises.
